

## Are you embracing the digital age?

The demands facing finance are evolving—and bookkeeping and transaction processing are no longer the primary functions. Modern finance organizations must keep up with shortened cycle times, analyze detailed data, and partner on business decisions. If your organization is falling behind, it's not too late to embrace digital.

### Here's what we bring:

-  Leading practices developed through working with a robust Fortune 500 client base
-  Industry-specific expertise incorporating right fit solutions
-  Deep understanding of finance operating model improvement across record-to-report, procure-to-pay, and order-to-cash
-  A hands-on approach and practical solutions from strategy through execution
-  Strong change management strategies that bring transformation to life in complex organizations

### Our Finance Effectiveness offerings

#### General finance improvement

We review your current state across people, process, technology, and data to identify pain points, recommend areas for improvement, and help deliver lasting, purposeful change.

#### Procure-to-pay optimization

Procure-to-pay is a significant value driver across your P&L, balance sheet, and cash flow statement. We bring practical, nimble solutions to even the most complex problems.

#### Global business services enhancement

We help move your global business services and shared services environment to the next level of maturity. We advise on strategy, process transitions, establishing analytics and digital capabilities, and more.

## Why work with us?

Beyond our extensive finance experience, you'll also benefit from:

- A no frills, pragmatic approach to achieving your objectives
- A strong culture that puts you first and encourages collaboration
- Leading practice experience developed alongside some of the most mature finance organizations in the world
- A team that works side by side with you and is motivated by what we do and how we do it
- The right combination of resources, expertise, and methodology
